

To all good children,

How are you doing my friends?

Around this time of year, I recover from Christmas fatigue and start going out to a nearby town, Mora. I enjoy having a meal at a restaurant and watching a movie. This year, however things have changed. The whole world has been in great trouble due to the new coronavirus. So I decided to stay in SANTAWORLD instead.

I spend a day taking a walk or repairing the sleds. Since we cannot meet the forest dwarfs and animals, SANTAWORLD is now very quiet.

I think everyone is lonely because you can not play with your friends or you can not exercise.

I truly understand your feelings. To feel better, how about looking up thoroughly something you're unsure about or trying something new?

I am thinking to remake my fine red outfit, which I will wear when I go visit you at Christmas this year. This is my first challenge because a tailor shop in the town usually makes it for me. If I successfully make it, I'll saw some clothes for my dear dwarfs in the woods, and give them as a gift when I meet them again.

Indeed, it seems a long way to go and we need to be very patient, but for a brighter and safer future for everyone, Let's continue "new lifestyle"!

I am very looking forward to seeing all of you this Christmas!
